Marshals Guide (Navigational Rallies)

Marshal Registration

Register as a marshal on RallyAppLive using your browser and going to:-

<https://rally.sapphire-solutions.co.uk/marshalreg.php?sitename=stonehaven>

This will bring up the Registration Form shown below. In Details select the event that you are going to marshal on, fill in the details and click 'Register Marshal'.

(Note: This URL will be different for each organising club and will be advised to prospective marshals by the Organisers on request and may be shown on websites or Facebook)

Marshal Registration
Held under the General Regulations of Motorsport UK (incorporating the provisions of the International Sporting Code of the FIA) and these Supplementary Regulations.

Competition: **Details** Gropers rally *

Marshal's Name: * Marshal Registration Number: *

Email Address: * Contact Number: *

Postal Address: * Postcode: *

Next of Kin's Name: * Next of Kin's Contact Number: *

Role: Select Role *

General Notes: *

Please enter the (four, capital) initials of the Motorsport's UK national organisation : * This is to stop the internet robots joining in on our fun events.

I confirm that I am happy for the information I provide to be used within the administration of the Live Rally System. [Privacy Policy](#) *

By entering this event you agree to the current Motorsport UK Pre-Event Declaration.

Register Marshal Please enter all data required.

Necessary Devices

You will need a reasonably modern, fully charged Mobile phone or tablet running iOS or Android, with GPS, Phone and Data availability.

During the rally, the GPS and Data must be switched ON, a mobile signal is needed at your location. Ensure that RallyAppLive can use your location see screenshot.

Prior to the event, download the RallyAppLive application from the Google Play Store or Apple Store, depending on whether you are using an Android or IOS (Apple) device

Marshal Log In Screens

Arriving at your Time Control Point

When you arrive at your TC open the application which will bring up the Start screen.

Tap **'Start'** and it will bring up the **'Club Selection'** screen.

Select the Club Event that you are marshalling on.

This will bring up the **Mobile Number Entry** Screen

Enter the mobile phone number that you provided on the Marshal Registration form.

You will then see a **Timing Point Screen**.

Tap the red octagon to access the timing screens.

Club Selection Screen

Mobile Number Entry Screen

Logged In Screen

Marshal Timing Screens

You will see a purple screen with a running time display.

When a competitor arrives at your control, tap 'Add Time'.

('FDS Sync' does not apply for Navigational rallies)

As you add times a list of times will be shown.

Check what time they want. If it is the minute shown on your screen, or earlier, see next paragraph.

(Note that a time earlier than that on your screen cannot be given, only the current time or later. If they are early and want a later time, wait until that minute is showing and then Tap 'Add Time' again.)

Time Selection

Tap the time that the competitor wants and then the Approach screen will appear.

Tap 'YES' to confirm the approach. A list of drivers then will be shown, see next screen.

Times can be removed by tapping the dustbin icon. This should be done once the screen has flipped to the next minute. In the example shown, once the screen changes to 16:31:00 the times can be deleted.

Approach Selection

Marshal Timing Screens

Pick the driver who wants the time you have selected and tap the save button to record the time.

Tap 'Yes' to confirm the selection. If required give them the clue or instructions for the next section.

The 'cancel' button can also be tapped if necessary.

Note: A particular time can be given to more than one driver, if they want the same minute.

Driver Selection

Save Selection

Confirm Save

Marshal Scrutineering Screens

Select driver and record a Pass for Scrutineering and Noise Checks

If selected in error reverse selection by re-tapping each selection.
